HENRY BENNET.

The Preface.

Worthy persons brought into great Distress for their sidelity to the Crown; and at the Request of the Lords Spiritual and Temporal, and Commons assembled in Parliament, His Sacred Majesty has been graciously pleased to Enact the Summe of Threescore thousand Pounds, together with the

product of a Tax upon Offices, to be distributed amongst Such TRULYLOYAL and Indigent Officers who have had Beal Command of Soldiers according to their Several Commissions, and who have never Deserted His Majesty noz His Blessed Fathers Service During the late times of Rebellion and Usurpation, and who have not a sufficient Livelyhod of their own: Roz have since His Majesties Return obtained any Reward, Office of Imployment sufficient sox a Livelyhod by such Ways, Means and Propositions as in the Act before mentioned are Directed and Impointed.

and for as much as the Honom

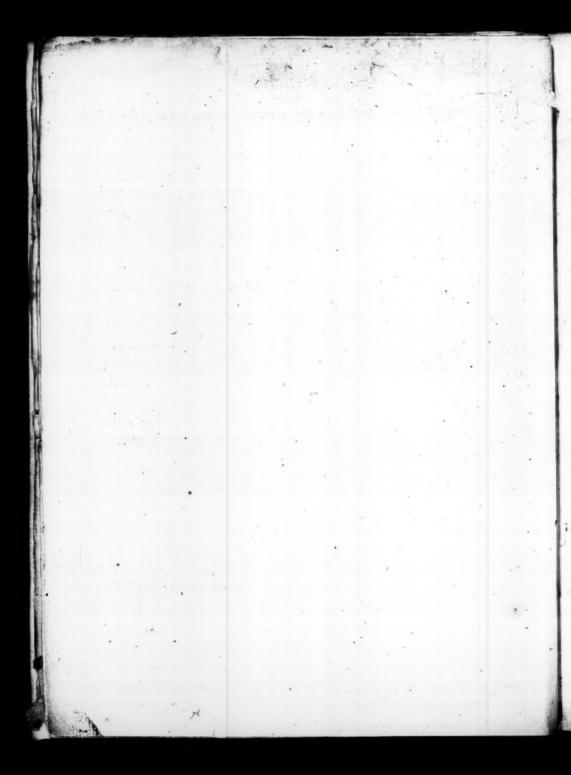

are upon good Grounds perswaded to believe, that many Certificates have been unduly Introduc'd, whereby not only every mans Share will be lessened, through the Multitude of Pretenders; but without a Strict and Accurate Inspection, a great part of the Moneys will fall into wrong hands.

Upon Confideration hereof, and to the End that all posfible Right be done, as well to the Pious and Bountiful Intentions of His Sacred Majesty, as to the honourable wants of His Loyal Servants, the Commissioners aforesaid have refolv'd upon a Printed List of the Persons Certifid, as the most apt Expedient for the Discovery of any Fraud, or Imposture. Persuant to which Resolve, is This Publication; wherein, to render the Inspection more Obvious, and Easie, Every Officer is Exhibited in his proper Regiment, Quality and County (fo far at least as may be gathered from his Certificate) In which Proceeding, as the Commissioners themselves have done Their part, to the Utmost of their Skill and Industry, So they doubt not but all other persons of Justice, Honour, and Loyalty will Contribute Their Aid likewise, to so Pious and Publique a Work. With Caution, that a Singular Regard be had to all Circumstances of Order, Modesty, and Prudence, besitting the Dignity of the Matter in question.

To which purpose, and for prevention of those Inconveniences which commonly Attend the Unbounded Motions of Prejudice, Passion, and Clamour, the Commissioners aforesaid have

ve thought fit to Publish This Adver. anat (want respect to all other ways of Fair and Undeniable proof) the Manner which is most Agreeable to their Opinions and Deires, will be This, That all Informations may be first Delivered in to some Commissioner Residing in the County, where such Informations arise, who may be Desired to transmit them to some Other Commissioner of the same Body, and serving for the same County, then Resident in London, by him to be Recommended to the Consideration of the Commissioners sitting in the Star-chamber, &c. Who shall thereupon proceed according to the Strictest Rules of Equity and Tenderness: For They do further Declare, that it is not their Aim, to pinch upon Niceties, to the Disadvantage of any Worthy person; But to doe His Majesty a Service, in the Detection of palpable Confederacies; to doe the Truly Loyal and Indigent Party, Inflice, in Diftributing among Them alone, that which the King has Intended only to them; And finally, to doe Themselves a Right, in Manifesting to the World that they have done their Duty.

Or the better Effect of This following Lift of Officers, some Light should be pro-

The Persons Certifi'd, are Printed in a Small Letter, Close to the Rule, with their Surnames formost; and the Place or County whence they are Certifi'd, in the Margin, (where Note , that L. & W. Stand for London and Westminster) The Officers , under whose Command or Regiment They enter themselves, are Express'd in a Larger Character, and in the Middle of the Columne, over the Heads of Them: Which Chief Officers are Placed Alphabetically, and Dispos'd (together with Such as Claim under them) in their several Inclosures. To the first Officer of every Distinct Denomination (unless it be the Printers fault) is Joyn'd in Capitals either HORSE, FOOT, or DRAGOONS according to his Command; and that Mark serves for All Inferiour Officers till another Distinction. The first of Every Degree, or Quality of Command, is Noted with an English Letter; as Cap. Lieut. Enf. Gc. and fo far as the Certificates will bear it, Every man is fet down in his proper Regiment, and Troop or Company: but where any Officer, under the Degree of a Captain, Mentions the Regiment he Serv'd in, without saying in which particular Troop or Company, That Defect is signified by a Cross, or Dagger added to his Name; and so likewise, where a Captain Rendershimself Only under the Command of some General Officer, without Naming the Regiment. Where Two, or Three, or More Officers are Link'd together (with a Brace, as they call it) Those Officers are understood to Claim to the same Troop or Company.

Touching the Different and Ill-spelling of several Names, It can only be said, that the Glerks that Drew the Certificates were none of the best Heralds; and save in Case of Manifest Errour, the Transcriber durst not vary from his Copy.

In a Work of this Nature Many Slips are to be born with and expected; but in Truth not altogether so many, as the Printer (of the first Half Especially) has Committed, (unless the Confusion and Disorder of his Copy may serve him for an Excuse) And therein to help him, It must be Confess'd that the last Resolve of Printing only such Field-Officers Names as should Desire it, left him a very Hazzardous Copy. For in the first Draught, all Field-Officers as well as Others were Ranged in their proper Places; and the Removal of those Officers had an Influence upon the Coherence of All the Rest (Contingently subjecting the Business both to Delay and Mstake.)

 Λ 3

The Errata are Placed at the End of the Book; and it is left to the Reader to diffinguish betwirt the Errors of the Method, and Those of the Profs. So many of the Place Officers (as being within distance of giving timely notice) have enter'd their defires to be inserted; are (according to direction) dispos'd of in the Front of the Book; and their Names, and Qualityes are as follows:

The Preface.

Worthy persons brought into great Distress for their sidelity to the Crown; and at the Request of the Lords Spiritual and Temporal, and Commons assembled in Parliament, His Sacred Majesty has been graciously pleased to Enact the Summe of Threescore thousand Pounds, together with the

product of a Tax upon Offices, to be distributed amongst Such TRULY LOYAL and Indigent Offices who have had Real Command of Soldiers according to their Several Commissions, and who have never Deserted His Majesty nor His Blessed Fathers Service During the late times of Rebellion and Ulurpation, and who have not a sufficient Livelyhod of their own: Nor have since His Majesties Return obtained any Reward, Office or Imployment sufficient sor a Livelyhod by sach Ulays, Means and Proportions as in the In before mentioned are Directed and Appointed.

The Praface.

And for as much as the Honorable the Commissioners appointed by Act of Parliament for Distribution of the Said Moneys, are upon good Grounds persuaded to believe, that many Certificates have been unduly Introducid, whereby not only every mans Share will be lessened, through the Multitude of Pretenders; but without a Strict and Accurate Inspection, a great part of the Moneys will fall into wrong hands.

Upon Confideration hereof, and to the End that all posfible Right be done, as well to the Pions and Bountiful Intentions of His Sacred Majefty, as to the bonourable mante of His Loyal Servants, the Commissioners aforesaid have refolv'd upon a Printed Lift of the Persons Certifid, as the most apt Expedient for the Discovery of any Fraud, or Imposture. Persuant to which Resolve, is This Publication, wherein, to render the Inspection more Obvious, and Easte, Every Officer is Exhibited in his proper Regiment, Quality and County (fo far at least as may be gathered from his Certificase) In which Proceeding, as the Commissioners themfelves have done Their part, to the Utmost of their Skill and Industry, So they doubt not but all other persons of Inflice Honour, and Loyalty will Contribute Their Aid likewife, to fo Pious and Publique a Work. With Caution, that a Singular Regard be had to all Circumftances of Order, Modesty, and Prudence, besitting the Dignity of the Matter in question. Me a chief themen obtain

have thought fit to Publish This Advertisement; that (with respect to all other ways of Fair and Undeniable proof) the Manner which is most Agreeable to their Opinions and Defires, will be This, That all Informations may be first Delivered in to some Commissioner Residing in the County, where such Informations arise, who may be Desired to transmit them to some Other Commissioner of the same Body, and serving for the same County, then Resident in London, by him to be Recommended to the Consideration of the Commissioners sitting in the Star-chamber, &c. Who shall thereupon proceed according to the Strictest Rules of Equity and Tenderness: For They do further Declare, that it is not their Aim, to pinch upon Niceties, to the Disadvantage of any Worthy person; But to doe His Majesty a Service, in the Detection of palpable Confederacies; to doe the Truly Loyal and Indigent Party, Inflice, in Distributing among Them alone, that which the King has Intended only to them; And finally, to doe Themselves a Right, in Manifesting to the World that they have done their Duty.

ADVERTISEMENT:

For the better Effect of This following Lift of Officers, some Light should be preperly given Concerning the Order of it: Let it be therefore Observ'd, that

The Persons Certifi'd, are Printed in a Small Letter, Close to the Rule, with their Surnames formost; and the Place or County whence they are Certifi'd, in the Margin, (where Note, that L. & W. stand for London and Westminster) The Officers, under whose Command or Regiment They enter themselves, are Express'd in a Larger Charatter, and in the Middle of the Columne, over the Heads of Them: Which Chief Officers are Placed Alphabetically, and Dispos'd (together with Such as Claim under them) in their several Inclosures. To the first Officer of every Distinct Denomination (unless it be the Printers fault) is Joyn'd in Capitals either HORSE, FOOT, or DRAGOONS according to his Command; and that Mark serves for All Inferiour Officers till another Distinction. The first of Every Degree, or Quality of Command, is Noted with an English Letter; as Cap. Lieut. Enf. &c. and fo far as the Certificates will bear it, Every man is fet down in his proper Regiment, and Troop or Company: but where any Officer, under the Degree of a Captain, Mentions the Regiment he Serv'd in, without saying in which particular Troop or Company, That Defect is fignified by a Cross, or Dagger added to his Name; and so likewise, where a Captain Renders himself Only under the Command of some General Officer, without Naning the Regiment. Where Two, or Three, or More Officers are Link'd together (with a Brace, as they call it) Those Officers are understood to Claim to the same Troop or Company.

Touching the Different and Ill-spelling of several Names, It can only be said, that the Clerks that Drew the Certificates were none of the best Heralds; and save in Case of Manifest Errour, the Transcriber durst not vary from his Copy.

In a Work of this Nature Many Slips are to be born with and expected; but in Truth not altogether so many, as the Printer (of the first Half Especially) has Committed, (unless the Confusion and Disorder of his Copy may serve him for an Excuse) And therein to help him. It must be Confess'd that the last Resolve of Printing only such Field-Officers Names as should Desire it, lest him a very Hazzardous Copy. For in the first Draught, all Field-Officers as well as Others were Ranged in their proper Places; and the Removal of those Officers had an Influence upon the Coherence of All the Rest (Contingently subjecting the Business both to Delay and Mstake.)
